Dear Madame, dear Sir,

We have been cooperating with the printing house DUET since 2013. During this time, we have worked frequently with this supplier, completing a variety of projects (Leaflets, folders, catalogues and others) for both the Polish and European markets. Their work has always been completed to the highest quality and delivered on time, without exception.

DUET is both flexible and competitive, completing all our orders with commitment and professionalism. Their support and advice on projects has been invaluable, through the use of their employees experience and knowledge of the market.

Mayence recommends the printing house DUET as reliable printing partner.

Best regards

Valérie George
